\* Total does not include the following 8 "seen" birds:

1. Chukar (not countable) an escapee:
2. Baird's Sandpiper (id'ed earlier by others, but I got only poor looks)
3. Golden-winged Warbler (heard only, so could have been blue-winged singing GW song, or a hybrid)
4. Purple Martin (flyover, fairly confident, but omitted)
5. Dowitcher sp. (probably Long-billed on 9/31, a flyover, deleted due to "poor looks")
6. Chestnut-sided Warbler (removed from list; due to poor looks)
7. Bay-breasted Warbler (probable, but obscured)
8. Y-b Fly (deleted due to desire to get a better view; uncooperative bird)
